## Is America Headed to a Second Civil War?

Episode 36: December 03, 2020

3:00pm ET via Zoom.

Two years ago, people would have laughed at those who spoke of a Second Civil War. Today, no one is laughing. More and more people are asking if it is possible ... and doing so both in public and in private. Numerous unrelated, loosely related, and clearly connected troubles are and will continue to boil over and coalesce. Unlike the War Between the States, we might see a well-armed and more often street-armed, splotchy civil war that pits tribe against tribe, interest against interest, jurisdiction against jurisdiction, state against state, city against rural, military group against military group, law enforcement against law enforcement, and red against blue. What might accelerate it? What can slow it down? Seasoned observers weigh in.
